No. 1625.—The following statute is published for general information :—
GOVERNMENT OF INDIA ACT, 1912 [2 AND 3 GEO. 5—CH. 6.]

An Act to make such amendments in the law relating to the Government of India as are consequential on the appointment of a separate Governor of Fort William in Bengal, and other administrative changes in the Local Government of India. [25th June 1912.]

Whereas His Majesty has been pleased to appoint a Governor of the Presidency of Fort William in Bengal as delimited by a proclamation made by the Governor-General in Council and dated the twenty-second day of March nineteen hundred and twelve :

And whereas the Governor-General in Council by two further proclamations of the same date has constituted a new province under a Lieutenant-Governor, styled the province of Bihar and Orissa, and has taken the province of Assam under the immediate authority and management of the Governor-General in Council :

And whereas it is expedient to declare what powers are exerciseable by the Governor and Governor in Council of the presidency of Fort William in Bengal and to make other provisions with respect to the administrative changes effected as aforesaid :

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

1.—(1) It is hereby declared that the Governor and Governor in Council of the presidency of Fort William in Bengal shall, within that presidency as so delimited as aforesaid, have all the rights, duties, functions, and immunities which the Governors and Governors in Council of the

Powers of Governor of Fort William in Bengal.

presidencies of Fort St. George and Bombay respectively possess, and all enactments relating to the Governors of those presidencies and the Councils (whether for executive or legislative purposes) thereof and the members of those Councils shall apply accordingly to the Governor of the presidency of Fort William in Bengal, and his Council and the members of that Council :

Provided that—

- (a) if the Governor-General in Council reserves to himself any powers now exercisable by him in relation to the presidency of Fort William in Bengal, those powers shall continue to be exercisable by the Governor-General in Council in the like manner and to the like extent as heretofore ; and
- (b) it shall not be obligatory to nominate the Advocate-General of the presidency of Fort William in Bengal or any officer acting in that capacity to be a member of the Legislative Council of the Governor of that presidency.

(2) The power of the Governor-General in Council under section one of the Indian Presidency Towns Act, 1815, to extend the limits of the town of Calcutta shall be transferred to the Governor in Council of the presidency of Fort William in Bengal.

2. The provisions of subsection (1) of section three of the Indian Councils Act, 1909 (which relate to the constitution of provincial executive councils), shall apply to the province of Bihar and Orissa in like manner as they applied to the province of the Bengal division of the presidency of Fort William.

3. It shall be lawful for the Governor-General in Council by proclamation to extend, subject to such modifications and adaptations as he may consider necessary, the provisions of the Indian Councils Acts, 1861 to 1909, touching the making of laws and regulations for the peace and good government of provinces under Lieutenant-Governors (including the provisions as to the constitution of Legislative Councils for such provinces and the business to be transacted therein) to any territories for the time being under a Chief Commissioner, and where such provisions have been applied to any such territories the proviso to section three of the Government of India Act, 1854 (which relates to the alteration of laws and regulations in such territories) shall not apply to those territories.

4.—(1) The enactments mentioned in Part I of the Schedule to this Act, shall have effect subject to the amendments therein specified, and section fifty-seven of the East India Act, 1793, and section seventy-one of the Government of India Act, 1833 (which relate to the filling up of vacancies in the Indian Civil Service), and the other enactments mentioned in Part II of that Schedule are hereby repealed.

(2) Nothing in this Act or in the said recited proclamations shall affect the power of the Governor-General in Council of making new distributions and arrangements of territories into and among the various presidencies and Lieutenant-Governorships, and it is hereby declared that the said power extends to territories under the immediate authority and management of the Governor-General in Council as well as to territories subject to the several presidencies and Lieutenant-Governorships.

5. This Act may be cited as the Government of India Act, 1912, and shall come into operation on such day as the Governor-General in Council, with the approval of the Secretary of State in Council, may appoint.

G. C. MOOKERJEE,
Assistant Registrar.

SENATE HOUSE, the 2nd August, 1912.

NOTICE.

THE Senate will proceed in the month of August 1913 to the election of a Tagore Professor of Law for the term of one year, to commence on the 1st of August 1914.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects :—

- (i) The growth and development of Hindu Law from the earliest times to the end of the 18th century.
- (ii) Principles of the Law of Corporations, with special reference to its application in British India.
- (iii) Law of Pre-emption in British India.

The salary of the Professor shall be paid in twelve equal monthly instalments, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st May 1913, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief Synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will not, later than the month of August following his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy will be referred to a Committee of the Faculty of Law, consisting of not more than three members, to be chosen by the Faculty, who will examine the same and before the 1st November report to the Faculty whether the work is complete and ready for the press. If upon such report the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures in the month of December, and complete the delivery thereof in the following February. The copy of the lectures delivered will remain in the custody of the Registrar, and will be sent to press as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of the lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

No. 16741.-B.—The following Statutes, dated the 9th March 1912, are published for general information:
GEORGE, R. & I.

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, to all to whom these presents shall come. Greeting:

Whereas, by Warrants under His late Majesty's Royal Sign Manual, dated the Eighth day of August in the year of our Lord one thousand nine hundred and two and the second year of His Reign, the twenty-ninth day of November in the year of our Lord one thousand nine hundred and six and the sixth year of His Reign, the twenty-seventh day of May one thousand

nine hundred and eight, and the eighth year of His Reign, and the seventeenth day of June one thousand nine hundred and nine in the ninth year of His Reign, His late Majesty, being desirous of recognising more fully than had theretofore been possible the faithful and meritorious services rendered to Him by Members of the Civil Services of the various parts of His Empire, did, for Himself, His Heirs and Successors institute and create a new Civil Order of Distinction—to be designated the Imperial Service Order—and He was graciously pleased to Make, Ordain, and Establish Rules and Ordinances for the government of the same:

And whereas We are minded to make certain amendments and additions to the Statutes of the Order.

Now, therefore, in pursuance and in the exercise of the power vested in Us by the aforesaid Statutes, and in order to enable Us to carry this Our Will and Pleasure into effect, We do hereby abrogate the aforesaid Statutes of the eighth day of August one thousand nine hundred and two, the twenty-ninth day of November one thousand nine hundred and six, the twenty-seventh day of May one thousand nine hundred and eight and the seventeenth day of June one thousand nine hundred and nine and the same are abrogated accordingly, but without prejudice to any thing done thereunder; and in lieu thereof, We do by these Presents Make, Ordain, and Establish the following Statutes and Ordinances:

Firstly.—It is ordained that this Order shall henceforth be styled and designated “The Imperial Service Order.”

Secondly.—It is ordained that the Order shall consist of the Sovereign, the Prince of Wales, and such Companions as We, Our Heirs, or Successors, shall appoint.

Thirdly.—It is ordained that We, Our Heirs and Successors, Kings and Queens Regnant of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperors and Empresses of India, are and for ever shall be Sovereigns of this Order.

Fourthly.—It is ordained that only the Members of the administrative or clerical branches of Our Civil Services shall be eligible for the distinction of Companions of this Order.

Fifthly.—It is ordained that the number of Companions of the Order shall not exceed seven hundred, of whom two hundred and fifty shall belong to Our Home Civil Service, two hundred to Our Civil Services in India, including the Staff of Our Secretary of State for India (one hundred appointments being reserved for Europeans and one hundred for natives of India), and two hundred and fifty to the Civil Services of Our Dominions beyond the Seas, and Countries under Our Protection, including the Staff of the Crown Agents for the Colonies.

Sixthly.—It is ordained that no person shall be eligible to be a Companion of the Order, whose name has not been laid before Us, Our Heirs or Successors, by one of Our or Their Principal Secretaries of State, and who has not at the time of his or her nomination rendered at least twenty-five years’ meritorious service in Our said Civil Services: Provided that in the Indian Empire the minimum period of service in the case of Europeans shall be twenty years, and that in any part of Our Dominions beyond the Seas, or any Country under Our Protection, which under the Pension Acts or Regulations applying thereto, is recognised as unhealthy, the minimum of service shall be sixteen years: Provided also that it shall be competent to Us, Our Heirs or Successors, to appoint specially to the Order persons, who not having completed the aforesaid periods of service, have rendered such eminently meritorious service as to qualify them, in Our opinion, to become recipients of this distinction.

Seventhly.—It is ordained that when We, Our Heirs, and Successors, shall be pleased to appoint any person to be a Companion of the Order, such appointment shall be made by Warrant under Our Sign Manual and countersigned by one of Our Principal Secretaries of State.

Eighthly.—It is ordained that the decoration to be worn by Companions of the Order shall be: for men, a Badge or Medallion of gold or enamel, bearing Our Imperial and Royal Cypher, and the words “For Faithful Service,” both to be executed in dark blue enamel on a plaque or shield of gold, surrounded by a seven-pointed star of silver, surmounted by the

Imperial Crown; and for women, a Badge or Medallion in all respects similar to the Badge or Medallion for men, save that the plaque or shield of gold shall be surrounded by a wreath of laurel in silver instead of a star surmounted by the Imperial Crown.

Ninthly.—It is ordained that the decoration shall be worn by male Companions on the left breast, suspended by a ribbon of one inch and-a-half in width, consisting of a strip of blue between two strips of crimson of equal size, and by female Companions on the left shoulder, suspended by a ribbon of the same colour and width, fashioned into a bow.

Tenthly.—It is ordained that the names of those upon whom We are pleased to confer the decoration shall be published in the *London Gazette*.

Eleventhly.—It is ordained that Companions of the Order shall have the privilege of adding the Letters "I. S. O." after their names.

Twelfthly.—It is ordained that members of any Order of Knighthood shall, if otherwise qualified, be eligible to become Companions of this Order, and that male Companions of this Order shall in no way be debarred from becoming thereafter Members of any Order of Knighthood for which their services may qualify them.

Thirteenthly.—It is ordained that the Imperial Service Order shall rank next to, and immediately after, Our Distinguished Service Order, and before the Fifth Class of Our Royal Victorian Order, and the Companions thereof shall, in all places and assemblies whatsoever, have place and precedence next to, and immediately after, the Companions of the Distinguished Service Order, and shall rank among themselves according to the dates of their respective nominations.

Fourteenthly.—It is ordained that it shall be competent to Us, Our Heirs and Successors, by a Warrant under Our Royal Sign Manual, to cancel and annul the appointment of any Companion of this Order, and that thereupon his name in the Register shall be erased; but that it shall be competent for the Sovereign to restore to the Order any person whose appointment may have been so cancelled and annulled when circumstances render it just and expedient so to do.

Fifteenthly.—It is ordained that those Members of Our Civil Services, who are not eligible for appointment as Companions of this Order may, on retirement from Our said Services, after not less than twenty-five years of meritorious service, or in the case of Europeans serving in the Indian Empire, after not less than twenty years of such service, or in the case of service in any part of Our Dominions beyond the Seas, or any Country under Our Protection which, under the Pension Acts or Regulations applying thereto, is recognized as unhealthy, after not less than sixteen years of such service, be awarded a Medal to be designated "The Imperial Service Medal": Provided that no such Medal shall be granted except on the recommendation of one of Our Principal Secretaries of State: Provided also that it shall be competent to Us, Our Heirs or Successors, to confer the Medal upon not more than five Members of Our Civil Services in each year, who have retired after less than twenty-five years' service, should the special circumstances in Our or Their opinion justify the grant.

Sixteenthly.—It is ordained that the Imperial Service Medal for men and for women shall in all respects be similar to the badge of the Imperial Service Order for men and women respectively, save that the plaque shall be of silver, instead of gold, and the star or wreath of laurel shall be of bronze instead of silver, and it is ordained that the Imperial Service Medal shall be worn in a similar manner to that prescribed for the Imperial Service Order, and that these Medals shall bear on the reverse the name of the recipient.

Seventeenthly.—It is ordained that the names of those persons to whom the Imperial Service Medal shall be granted shall be duly published in the *London Gazette*.

Eighteenthly.—It is ordained that it shall be competent for Us, Our Heirs and Successors, by a Warrant under Our Royal Sign Manual, to cancel and annul the award of any Imperial Service Medal, and that thereupon the name of the recipient in the Register shall be erased; but it shall be competent for the Sovereign to restore the Medal to any person whose name may have been so erased, when circumstances render it just and expedient so to do. And every person to whom the said Medal is awarded shall, before receiving the same enter into an agreement to return the Medal, if his name shall be erased as aforesaid.

Nineteenthly.—It is ordained that an Officer shall be appointed to the Order who shall be styled "Secretary and Registrar," and who shall be *ex-officio* a Companion of the Order.

Twentiethly.—It is ordained that the Secretary and Registrar of this Order shall be appointed by Us, Our Heirs and Successors, and shall have the custody of the Archives of the Order, which shall be kept in the Office of Our Secretary of State for the Home Department. He shall attend the service of the Order and shall execute such directions as he may receive from Our Principal Secretaries of State.

Lastly.—We reserve to Ourselves, Our Heirs and Successors, full powers of annulling, altering, abrogating, augmenting, interpreting, or dispensing with these Regulations, or any part thereof, by a notification under the Sign Manual of the Sovereign of the Order.

Given at Our Court at Saint James's this ninth day of March, one thousand nine hundred and twelve, in the second year of Our Reign.

By His Majesty's Command,

REGINALD MCKENNA.

PLEADERS' SURVEY CLASSES, 1913.

1. Classes for the training of Pleaders in Surveying will be opened in January and February 1913 in connection with the Civil Engineering College, Sibpur, the Bihar School of Engineering, Bankipur, the Dacca School of Engineering, and the Survey School at Cuttack. Candidates obtaining credit for attendance at this course will be entitled to appear at the Practical Examination during the years 1914, 1915 and 1916.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the head of the institutions, who will also decide the exact locality in which the classes will be held and the date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the Pleader has been present for 80 per cent. of the working days and for the full working hours of each day.

5. Any candidate who desires to undergo the course of training must apply to the Principal, Civil Engineering College, Sibpur, not later than 15th November. His application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, i.e., Sibpur, Bankipur, Cuttack or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Engineering College.

6. The Secretary will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the heads of the institutions of the names and addresses of the candidates registered at their centres and they will inform the candidates as to the locality and the date of opening.

7. The following is the syllabus of instruction. No definite text-books are prescribed :—

(a) Practical work—

Chain surveying.

Prismatic compass.

Plane tabling and levelling.

(b) Class work—

Use of mathematical instruments ... Variation of compass.

Construction of scales ... Preparation of field-books from maps.

RULES FOR THE GUIDANCE OF PRIVATE CANDIDATES FOR THE MATRICULATION EXAMINATION OF 1913.

THE following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bond fide* school masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned against it :—

Name of School.	Date of Test Examination.
1. Comilla Zilla School ...	9th, 10th, 11th and 13th December 1912.
2. Noakhali Zilla School ...	Ditto.
3. Chittagong Collegiate School	Ditto.
4. Rangamati High English School.	Ditto.

Each private student will pay a fee of Rs. 2 to the head of the institution in which he appears for the Test Examination. The balance after the payment of expenses (stationery, etc.) will go to the examiners as remuneration. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

4. Application for permission to appear must be sent in time to reach this office not later than the 1st November 1912. The information to be given and the documents to be appended in original are the following :—

- (a) The name of the school in which the candidate last studied;
- (b) The Transfer Certificate in original granted to the candidate by the Head Master of the school in which he last read; or
- (c) in the case of a candidate who previously appeared at the Matriculation Examination the Registrar's receipt in original for the fee paid.
- (d) Age of the candidate. No candidate who has not completed the age of 16 years on the first day of the Matriculation Examination will be allowed to appear at it.
- (e) In the case of school masters a certificate of good conduct from the Secretary or proprietor of the school in which he is serving, or from the Deputy Inspector of the district concerned.
- (f) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.
- (g) A statement by the candidate giving the following facts :—
 - (i) Residence.
 - (ii) Father's name.
 - (iii) Second language besides English.
 - (iv) Vernacular language for composition.
 - (v) Vernacular language from which translation is to be made into English in the first English paper.
 - (vi) Which of the following subjects he has taken up :—
 - (i) Additional Mathematics.
 - (ii) Additional paper in the classical language.
 - (iii) History.
 - (iv) Geography.
 - (v) Elementary Mechanics.

N.B.—A student who failed to pass the annual examination for promotion to the first class at the end of the session 1911 and then left the school can, under no circumstances, be allowed to appear at the examination.

5. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. The Head Masters of the institutions named above should direct private students who satisfy the test to appear before them in due time with their applications for admission to the Matriculation Examination and to sign them in their presence. They will then grant the necessary certificates and forward the application to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

7. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves together with the countersigned applications.

8. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

9. The Matriculation Examination will be held on the 3rd March 1913 and the following days. The applications and fees must reach the office of the Registrar on or before the 18th January 1913.

PART VI.

Bills introduced into the Council of the Governor General for making
Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

NOTIFICATION.
Simla, the 2nd August, 1912.

No. 38.—The Governor-General has been pleased, under Rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor-General, to order the publication in the *Gazette of India* in English of the following Bills, together with the Statements of Objects and Reasons relating thereto, and the Bills and the Statements of Objects and Reasons are accordingly hereby published for general information :—

No. 3.

A Bill further to amend the Presidency Small Cause Courts Act, 1882.

WHEREAS it is expedient further to amend the Presidency Small Cause Courts Act, 1882; It is

hereby enacted as follows :

1. This Act may be called the Presidency Small Cause Courts (Amendment) Act, 1912.
Short title.
2. In section 41 of the Presidency Small Cause Courts Act, 1882, XV of 1882, for the word "one" the word "two" shall be substituted.
Amendment of section 41, Act XV, 1882.

STATEMENT OF OBJECTS AND REASONS.

The jurisdiction of the Presidency Small Cause Courts in dealing with applications under section 41 of the Presidency small Cause Courts Act, 1882, is limited to cases in which the annual value at a rack-rent does not exceed Rs. 1,000. In view of the marked increase in the annual value of house property in Presidency-towns of recent years, it is considered desirable to raise this limit and empower Small Cause Courts to take action under this section in all cases in which the annual rent does not exceed Rs. 2,000. The High Courts concerned approve of the proposed amendment.

The 11th June, 1912.

R. H. CRADDOCK.

No. 4.

A Bill to amend the Indian Extradition Act, 1903.

WHEREAS it is expedient to amend the Indian XV of 1903. Extradition Act, 1903; It is hereby enacted as follows:

1. This Act may be called the Indian Extradition (Amendment) Act, 1912.
Short title.

2. (1) In sub-section (1) of section 7 of the Amendment of section 7, Indian Extradition Act, XV of 1903, after the words "such person is believed to be," the words "or if such person is believed to be in any Presidency-town to the Chief Presidency Magistrate therefor" shall be inserted.

(2) In sub-section (3) of the same section of the said Act, after the words "District Magistrate," the words "or Chief Presidency Magistrate" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Under section 7 of the Indian Extradition Act, 1903 (Act XV of 1903), a District Magistrate is empowered to receive and execute warrants issued by Political Agents in certain cases. Doubts have been expressed as to whether under this section there is provision for the execution of such warrants in Presidency-towns. In order to remove these doubts and to make definite provision for such cases, it is proposed to empower the Chief Presidency Magistrate to execute warrants in Presidency-towns.

The 30th July, 1912.

R. H. CRADDOCK.

No. 5.

A Bill further to amend the Indian Divorce Act.

WHEREAS it is expedient further to amend the IV of 1869. Indian Divorce Act; It is hereby enacted as follows:

1. This Act may be called the Indian Divorce (Amendment) Act, 1912.
Short title.

2. To section 7 of the Indian Divorce Act the Addition to section 7, following proviso shall be Act IV of 1869, added, namely:

"Provided that nothing in this section shall deprive the said Courts of jurisdiction in a case where the parties to a marriage professed the Christian religion at the time of the occurrence of the facts on which the claim to relief is founded."

STATEMENT OF OBJECTS AND REASONS.

The South Indian Missionary Association submitted a memorial praying that the provisions of the Indian Divorce Act, 1869 (IV of 1869), might be declared to be applicable to the marriages of Christian converts solemnized by Non-Christian rites before their conversion, provided that the causes for divorce had arisen subsequent to conversion. The object of this memorial was to avoid the decision of the Madras High Court in *Thapita Peter v. Thapita Lakshmi*, I. L. R., 17 Madras, 235 which, relying on section 7 of the Act, held that the marriages contemplated by it were those founded on the Christian principle of a union of one man with one woman to the exclusion of all others, and consequently that it did not apply to Hindu or Non-Monogamous marriages. The Calcutta High Court, however, in *Gobardhan Das v. Jasadamoni Dassi*, I. L. R., 18 Calcutta, 252 affirmed the contrary view in a precisely similar case, and granted the desired relief on the ground that a person professing Christianity at the time of presenting his petition was entitled to relief under the Act. In view of the conflict between the two decisions, it is thought desirable that the law on the point should be made clear, and it is accordingly proposed to amend section 7 of the Act so as to make it applicable to Christian converts, provided that both parties are Christians at the time of the occurrence of the facts on which the claim to relief is founded.

HARCOURT BUTLER.

The 18th March, 1912.

No. 6.

A Bill to amend the Local Authorities (Emergency) Loans Act, 1897.

WHEREAS it is expedient to amend the Local Authorities (Emergency) Loans Act, 1897; It is hereby enacted as follows:

1. This Act may be called the Local Authorities (Emergency) Loans (Amendment) Act, 1912.

Short title.

2. In section 2, sub-section (1), of the Local Authorities (Emergency) Loans Act, 1897, for the words "Governor General in Council", the words "Local Government" shall be substituted.

3. (1) In section 3, sub-section 1, of the said Act, for the words "terms and conditions as the Governor General in Council may think fit to impose", the following words shall be substituted, namely:

"general or special orders as the Governor General in Council may make in this behalf"

(2) In sub-section 2, of the same section, for the words "the Governor General in Council may by general or special order," the following words shall be substituted, namely:

"such general or special orders may"

4. The following proviso shall be added to section 4 of the said Act:

Addition of proviso to section 4, Act XII, 1897.

"Provided that, nothing in section 7 of the Local Authorities Loan Act, 1879, shall be deemed to require the sanction of the Governor General in Council to any loan under this Act."

STATEMENT OF OBJECTS AND REASONS.

The Local Authorities (Emergency) Loans Act, 1897 (XII of 1897), enables local authorities to borrow money for certain purposes with the sanction of the Governor General in Council. The Government of India consider the power of sanctioning such loans may safely be delegated to Local Governments. This proposal was made by the Decentralisation Commission. The object of this Bill is to effect the delegation proposed by an amendment of section 2, sub-section (1), of the Act. It is also proposed to amend section 3 so as to enable the Government of India to issue general or special orders subject to which Local Governments may sanction the borrowing of money under section 2, sub-section (1), without previous reference to the Government of India.

The amendment of section 4 is purely a consequential amendment.

SIBPUR, the 26th April 1912.

PLEADERS' SURVEY CLASSES, 1913.

1. Classes for the training of Pleaders in Surveying will be opened in January and February 1913 in connection with the Civil Engineering College, Sibpur, the Bihar School of Engineering, Bankipur, the Dacca School of Engineering, and the Survey School at Cuttack. Candidates obtaining credit for attendance at this course will be entitled to appear at the Practical Examination during the years 1914, 1915 and 1916.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the head of the institutions, who will also decide the exact locality in which the classes will be held and the date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the Pleader has been present for 80 per cent. of the working days and for the full working hours of each day.

5. Any candidate who desires to undergo the course of training must apply to the Principal, Civil Engineering College, Sibpur, not later than 15th November. His application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Sibpur, Bankipur, Cuttack or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Engineering College.

6. The Secretary will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the heads of the institutions of the names and addresses of the candidates registered at their centres and they will inform the candidates as to the locality and the date of opening.

7. The following is the syllabus of instruction. No definite text-books are prescribed :—

(a) Practical work—

Chain surveying.
Prismatic compass.
Plane tabling and levelling.

(b) Class work—

Use of mathematical instruments	...	Variation of compass.
Construction of scales	...	Preparation of field-books from maps.
Mensuration of areas	...	Elementary principles of levelling
Plotting	...	Plotting of level sections.

Candidates who obtain the required percentage of attendance at this course of instruction are qualified to appear at the Practical Examination held in 1914.

*Principal, Civil Engineering College, and
Secretary, Pleaders' Survey Examination Board.*

SIBPUR,
The 23rd July 1912.

NOTIFICATION.

ANNUAL EXAMINATION OF PLEADERS IN SURVEYING.

(See Government Notification No. 3157S., dated 25th November 1909.)

1. The next examination will be held in February 1913 and will be conducted at the following centres, provided that not less than five names be registered at each centre—Sibpur and Dacca in Bengal and Bankipur and Cuttack in Behar and Orissa.

2. Candidates practising in the Courts of the Presidency and Burdwan Divisions will be required to present themselves at Sibpur, in Orissa at Cuttack, in Patna, Tirhut, Bhagalpur and Chota Nagpur Divisions at Bankipur, and in Rajshahi, Dacca and Chittagong Divisions at Dacca.

3. In the event of more than 20 or less than five names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

4. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

- (i) has obtained credit for attendance at the special course of instruction at Sibpur, Bankipur, Cuttack and Dacca in 1912, and has not previously appeared at the examination more than twice, or
- (ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or
- (iii) has passed the Sub-Overseer Examination, or
- (iv) has obtained the Surveyor's certificate of one of the Government Survey Schools, or
- (v) be specially exempted from the operation of this rule by the Board controlling the examination.

5. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary countersignature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the Secretary of the Examination Board at the Civil Engineering College, Sibpur, not later than the 15th December. The form may be had from the Principal, Civil Engineering College.

6. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the examination fee of Rs. 50, *which will in no case be returned.*

7. No candidate will be admitted to this examination more than three times. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the Examiner in it.

8. The programme of the examination will be published in the *Calcutta, Behar and Orissa* and *Assam Gazettes*.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

It is hereby notified for general information that, under rule 5 (1) of the rules issued under Government Notification No. 764T.M., dated the 7th September 1910, the following bye-laws framed by the District Board of Hooghly, under sections 139 and 140 of the Local Self-Government Act, III of 1885, are confirmed.

A. G. HALIFAX, *Commissioner*.

COMMR.'S OFFICE, BURDWAN DIVN., CHINSURA, the 22nd August 1912.

BYE-LAWS FOR DISTRICT BOARD HOOGHLY UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885) ON THE LINES OF THE MODEL ONES FRAMED BY GOVERNMENT.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

Definitions.

- (1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

1 of 1871.

- (2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public

Bengal Act III of 1885.

notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khāl* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee; and includes—

(a) a village road;

(b) the slope, berm, borrow-pits and side-drains of a road; and

(c) all land vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (1) No person shall encroach on any part of a road by cultivating crops or planting trees thereon.

- (2) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(b) obstruct traffic, or

(c) cause any inconvenience to passengers, or

(d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or

Sale, collecting or gathering of articles in vicinity of road.

market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang, or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway, built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet or any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases, pending application to such Chairman) of the District Engineer.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

13. No person shall allow the water of any privy, or any matter offensive or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

17. No person shall leave or burn any corpse or the dead body of any animal on or near any road except at established burning grounds.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in roadside drain, pit or excavation.

17. No person shall leave or burn any corpse or the dead body of any animal on or near any road except at established burning grounds.

Flying kite on road.

19. No person shall fly a kite on any road.

20. (1) Any person driving a vehicle along a road and meeting another vehicle shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or offside of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Freedom of roads.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell.

Taking elephants over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same, or

(b) take the elephant over a bridge or culvert vested in the District Board or a Local Board, unless the same be constructed of arched masonry.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Removal of elephants or camels from road to admit passage of horses.

Care of vehicles on road.

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(4) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(5) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall lead or drive any vehicle up or down the slopes of any road, except at a recognised crossing.

27. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

Carrying bamboos or *bullahs* on cart on road.

28. After the first day of 1st April 1913, no bullock-cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width:

Width of tyres.

Provided that this bye-law shall not apply to carts, owned by residents of other districts, which do not ordinarily ply within the Hooghly district but merely pass through that district.

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages.

Separate tracks for cart traffic and carriage traffic.

Transport of heavy machinery over bridge.

Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

ESTABLISHMENTS.

Simla, the 21st August 1912.

No. 1595.—Mr. J. H. E. Garrett has been permitted to resign His Majesty's Indian Civil Service with effect from the 10th September 1912.

POLITICAL.

The 22nd August 1912.

No. 792.—The following Royal Warrant, amending the Royal Warrant for the institution of the Kaisar-i-Hind Medal, which was published with Home Department Notification No. 1257, dated the 11th May 1900, is published for general information.

GEORGE V, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, to all to whom these Presents shall come. Greeting:

Whereas Her Late Majesty Queen Victoria, Empress of India, of Blessed Memory, did by Warrant under Her Royal Sign Manual, bearing date the 10th April 1900, in the Sixty-third year of Her reign, institute and create a Decoration designated "The Kaisar-i-Hind Medal for Public Service in India", and did make certain Rules and Ordinances for the Government of the same.

And whereas by the said Warrant power was reserved to Us of annulling and altering the said Rules and Ordinances or any part thereof by a notification under Our Royal Sign Manual.

And whereas We desire to make a certain alteration and amendment in the said Rules and Ordinances.

Now We are graciously pleased to make the following alteration and amendment in the said Rules and Ordinances, that is to say :

In the Seventh Rule the word "Foreign" shall be substituted for the word "Home".

Given at Our Court at St. James' this ninth day of July One thousand nine hundred and twelve and in the third year of Our reign,

By His Majesty's Command,

GEORGE, R. AND I.

CREWE.

No. 793.—The following Royal Warrant relating to the Kaisar-i-Hind Medal, as amended up to date, is republished for general information :

Royal Warrant of 10th April 1900, instituting the Kaisar-i-Hind Medal, as amended by Royal Warrants of 8th July 1901 and 9th July 1912.

Whereas We, taking into Our Royal consideration that there do not exist adequate means whereby We can reward important and useful services rendered to Us in Our Indian Empire in the advancement of the public interests of Our said Empire, and taking also into consideration the expediency of distinguishing such services by some mark of Our Royal favour : Now for the purpose of attaining an end so desirable as that of thus distinguishing such services aforesaid, We have instituted and created, and by these presents for Us, Our Heirs and Successors, do institute and create a new Decoration—to be designated as hereinafter described,—and We are graciously pleased to make, ordain, and establish the following Rules and Ordinances for the government of the same which shall from henceforth be inviolably observed and kept.

Firstly.—It is ordained that this Decoration shall henceforth be styled and designated "The Kaisar-i-Hind Medal for Public Service in India."

Secondly.—It is ordained that any person without distinction of race, occupation, position, or sex, shall be eligible for this Decoration who shall have distinguished himself (or herself) by important and useful service in the advancement of the public interest in India.

Thirdly.—It is ordained that there shall be two classes of the Decoration to be styled respectively "The Kaisar-i-Hind Medal for Public Service in India" of the First Class and "The Kaisar-i-Hind Medal for Public Service in India" of the Second Class.

Fourthly.—It is ordained that awards of the Medal of the First Class shall be made by Us, Our Heirs and Successors, and such awards shall only be made on a recommendation to Us by Our Secretary of State for India.

Fifthly.—It is ordained that awards of the Medal of the Second Class shall be made by Our Governor-General of India for the time being.

Sixthly.—It is ordained that the Medal shall consist of an oval-shaped Badge or Decoration—in gold for the First Class and in Silver for the Second Class—with the Royal Cypher of Ourselves, Our Heirs, and Successors in the centre on one side and on the reverse the words "Kaisar-i-Hind, for Public Service in India," and that it shall be suspended on the left breast by a dark blue ribbon.

Seventhly.—It is ordained that the names of those persons to whom a Medal of either Class may be awarded shall be published in the *Gazette of India*, and in the *Gazette of the Local Government* under the jurisdiction of which the service was rendered, and shall be entered in all Civil and Official lists, and that a registry of such names shall be kept in the Office of the Foreign Department of the Government of India.

Eighthly.—It is ordained that if any one, after having received either of the Medals, again renders such service as, if he had not received such Medal, would have entitled him to it, such further service shall be recorded by a bar attached to the ribbon by which the Medal is suspended ; and for every such additional service an additional bar may be added.

Ninthly.—In order to make such additional provisions as shall effectually preserve pure this honourable Decoration, it is ordained that if any person on whom the Medal of the First Class is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the same, his name shall, by an especial Warrant under Our Sign Manual, to be countersigned by one of Our Principal Secretaries of State, be forth-

with erased from the list of those upon whom the said Decoration shall have been conferred, and his Medal forfeited and returned to Us, Our Heirs and Successors; and in the case of those who have been awarded Medals of the Second Class, such erasure of their names from the lists of those upon whom the said Decoration shall have been conferred and forfeiture of their Medals shall be effected under the Order of Our Governor-General of India for the time being, to whom their Medals shall be returned. And every person to whom the said Medal is given shall, before receiving the same, enter into an engagement to return the same if his name shall be erased as aforesaid.

Provided that We, Our Heirs and Successors, shall at all times have power to restore the Medal of the First Class to any person who may have been deprived of it when circumstances render such restoration just and expedient, and that in like circumstances Our Governor-General of India for the time being shall have power by his Order to restore the Medal of the Second Class to any person who may have been deprived of it.

Lastly.—We reserve to Ourselves, Our Heirs and Successors, full power of annulling, altering, abrogating, augmenting, interpreting or dispensing with these regulations or any part thereof by a notification under Our Royal Sign Manual.

H. WHEELER,

Secy. to the Govt. of India.

The following Notification, issued by the Government of India, Department of Commerce and Industry, published in the *Gazette of India* of the 24th August 1912, is republished for general information.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR INDIAN LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1912-13:—

Ideals of Women in Domestic Life.

The conditions for the award of the prize are—

- (1) That the competition be open to all educated women being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by a written declaration of the husband, parent or guardian of the competitor that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays not later than the 28th February 1913, to the Secretary to the Central Text-book Committee, Office of the Inspector of Schools, Presidency Division, 285, Bowbazar Street, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt's Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the *Gazette* as the winner of the competition. The actual prize will, however, in these circumstances be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays come up to a standard which is, in the opinion of the examiners, adequate, no prize will be awarded.

CALCUTTA,
The 27th August 1912.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

AUSTRALIA. EAST COAST—CHANNEL INTO PORT ALMA, KEPPEL BAY

Additional light off Chersonese Point.

No. 357 (third publication).—The Portmaster, Brisbane, has given Notice (No. 6 of 1912) that a black beacon from which a red light will be exhibited by night is being erected in 20 feet at L. W. S. at the edge of the shoal water off Chersonese Point, in the position now occupied by a black buoy, *i.e.*, between Kazatch Point and Port Alma Wharf. The amended directions for entering will therefore be as follows :—

By Day.—After passing Sea Hill vessels proceeding to Port Alma should keep the two white triangular leading beacons on Balaklava Island in line bearing S. 17° W. until two similar beacons on Kazatch Point come in line bearing S. 42° W.; keep these beacons in line (passing on the port hand a black buoy which marks the edge of a rocky patch off Cardigan Point) until two smaller triangular beacons erected on Eupatoria Point come in line bearing S. 58° W.; keep them in line until a red buoy on the starboard hand is abeam, then haul up for Port Alma Wharf, passing the black beacon off Chersonese Point on the port hand.

By Night.—After passing Sea Hill keep the Balaklava lights (two white lights) in line bearing S. 17° W. until the lights on Kazatch Point (red and white lights) come in line bearing S. 42° W.; keep this lead until two similar lights (red and white) on Eupatoria Point come in line bearing S. 58° W.; keep them in line until two green lights at Port Alma Wharf come in line bearing S. 39° W., haul up for them, passing on the port hand a red light exhibited from the black beacon marking the edge of the shoal water off Chersonese Point. The front green light of the wharf lead is situated on the inner downstream corner of the wharf.

All bearings are magnetic, and the bearings of the new leads must be taken as approximate until they are accurately determined

RESOLUTION ON THE ADMINISTRATION OF THE STAMP DEPARTMENT IN BENGAL DURING THE YEAR 1911-12.

NOTIFICATION.

No. 185T.—S.-R.—The 29th July 1912.—The following Resolution by the Board of Revenue, L. P., regarding the administration of the Stamp Department in the districts constituting the new Presidency of Bengal during the year 1911-12, together with an abstract of the receipts and charges for the year, is published for general information.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

No. 3368½B., dated Calcutta, the 8th July 1912.

RESOLUTION—By the Board of Revenue, L. P., Miscellaneous Revenue Department.

Member in charge:

THE HON'BLE MR. D. J. MACPHERSON, C.I.E., I.C.S.

THE annual statistics of the Stamp Department for the year 1911-12 have been compiled in the prescribed Statements I to VII for the new

Presidency of Bengal, comprising the districts of the Burdwan, Presidency, Dacca, Chittagong and Rajshahi Divisions, and also the district of Darjeeling which now forms one of the districts of the last-mentioned division.

2. The figures of general receipts and charges for the year 1911-12 obtained from the Accountant-General have not as yet been finally verified and are, therefore, liable to subsequent adjustment. The total receipts under the Stamp and Court-fees Acts amounted to Rs. 2,01,08,883 against Rs. 1,93,87,017 in the preceding year, showing an increase of Rs. 7,21,866. This increase occurred both in judicial and non-judicial stamps. The total charges during the year amounted to Rs. 5,22,025 against Rs. 5,12,643 in the previous year, the increase over the figures of 1910-11 occurring under the head "Discount and establishment for sale of stamps."

3. The sale-proceeds from court-fee stamps, excluding stamps for copies, rose from Rs. 1,28,25,350 to Rs. 1,32,00,023, an increase of Rs. 3,74,673. The greater portion of the increase was contributed by the districts of Bakarganj (Rs. 69,565), Calcutta (Rs. 53,886), Mymensingh (Rs. 47,480), Jalpaiguri (Rs. 44,857), Khulna (Rs. 33,663), Dacca (Rs. 32,770), and Faridpur (Rs. 26,358). The larger revenue in Calcutta is attributed to the receipt of heavy court-fees on account of duty paid on probates and letters of administration. The increase in the several districts of the Dacca Division, aggregating Rs. 1,76,173, is said to be due partly to the normal increase of litigation arising from increase of population and other causes, and partly to the effect of the settlement operations which have but recently been concluded in Bakarganj district and are in progress in the other three districts of the Dacca Division. The increase in Jalpaiguri is attributed to the sale of court-fee stamps, amounting to Rs. 25,940, to the Maharaja of Cooch Behar for a succession certificate. Beyond this no special reasons have been given for the increase of Rs. 1,21,078 obtained from the districts of the Rajshahi Division. The largest decrease (Rs. 24,507) occurred in the district of Hooghly, and is ascribed to the fact that probates, letters of administration, etc., were granted in respect of estates of small value and also to the transfer of suits between Rs. 1,000 and Rs. 2,000 in value arising within the district of Howrah to a Munsif in that district. A decrease of Rs. 18,752 in the sale of court-fees in the district of Noakhali has not been explained.

4. The receipts from the sale of non-judicial stamps increased by Rs. 3,19,020. Of this as much as Rs. 1,49,365 was obtained in Calcutta alone, and is ascribed to a general improvement in trade. The other districts which show the greater increase are Tippera (Rs. 32,739), Chittagong (Rs. 28,160), Bakarganj (Rs. 25,584), Noakhali (Rs. 21,228) and Faridpur (Rs. 19,539). These large increases are not attributed to any specific cause by the local officers, except that in the district of Chittagong an increase from Rs. 5,059 to Rs. 29,126 in the sale of adhesive stamps is said to be due to the establishment of a large number of Insurance Companies during the year. The large decrease under head "Miscellaneous receipts" is mainly due to the fact that fewer loans were floated by the Corporation of Calcutta and the Calcutta Port Trust, resulting in a decrease in the amount of composition duty paid by them.

5. The number of vendors who held licenses to sell stamps during the year was 4,845, i.e., 153 less than in the previous year. Owing to a comment by the Board on the apparently excessive number of vendors in the Midnapore district, an enquiry was made in 1910-11 which resulted in the number being reduced by 41. During the year under review the number there was further reduced by 139. The local officers have not explained the abnormal increase of 51 in the number of vendors in Noakhali, nor the decrease of 35 and 27 vendors in the Burdwan and Dacca districts, respectively. The discount allowed to vendors rose by Rs. 13,132 in consequence of the rise in the sale of judicial and non-judicial stamps.

6. The total number of cases in which deficient duty and penalty were levied by the courts under section 35 of Act II of 1899 during the year decreased by 208, and the amount of duty and penalty realized by Rs. 1,064. The total number of cases decided by revenue courts under sections 32, 37, 40 and 41 of the Act rose from 2,980 to 3,195, but the amount

of duty and penalty realized decreased by Rs. 7,965. In Calcutta the average amount of duty and penalty realized in each case was more than Rs. 80 ; in other districts it was generally less than Rs. 10. This noticeable variation is probably due to the fact that in the mufassal districts the majority of cases in which deficit duty is paid are those of deeds executed for small amounts by persons ignorant of the provisions of the law and unable to obtain legal advice. Revenue officers should, however, take care that the penalty imposed is commensurate with the offence.

7. The number of cases instituted for the infringement of the provisions of the Stamp Act was 1,812, in which 1,898 persons were brought to trial and 1,866 convicted as against 1,643 cases and 1,636 persons convicted in the preceding year. The fines imposed, including composition money, aggregated Rs. 7,279 as against Rs. 5,541 in 1910-11. The amount of rewards paid to informers (which were confined only to Calcutta) was Rs. 779 less than in the previous year. This is ascribed to the fact that a smaller number of cases was compounded under section 70 (2) of the Stamp Act.

8. Enquiries were made in 75·5 per cent. of the cases of valuation of estates for the issue of probates or letters of administration reported during the year. The corresponding percentage of the previous year was 74·8. The proportion borne by the deficit court-fees realized to the amount originally paid was 5·4 as compared with 6·5 in the previous year.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 5th August 1912.

Summary.—During the week under report the rainfall was general but not abundant, except in Midnapore and Darjeeling. Transplantation of winter rice is going on, but more rain is wanted for the operation. Condition of standing crops is generally good, but insufficient rainfall has affected the prospects of jute crop in places. Damage to winter rice and jute by insects is reported from places in the Presidency Division. Harvesting of autumn rice and jute is going on. The average price of common rice was generally stationary and in a few cases slightly lower or higher than in the previous week. Cattle-disease is reported from six districts.

RESOLUTION ON THE ANNUAL REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND THE SUBURBS FOR THE YEAR 1911.

POLICE.

RESOLUTION—No. 2953P.D.

DATED DACCA, THE 5TH AUGUST 1912.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and the Suburbs for the year 1911.

Read also—

The reports for the two previous years and the orders of Government recorded thereon.

SIR F. L. HALLIDAY, C.I.E., M.V.O., held charge of the office of Commissioner of Police throughout the year. There were no administrative

changes of any particular importance, and Superintendents continued to be employed in charge of two of the divisions of the town. Steps have recently been taken to divide the Deputy Commissioner's charges into circles to each of which an Inspector will be appointed. The system is analogous to that in force in the Bengal Police and will result in the Deputy Commissioner having more time for general supervision and the performance of administrative duties. The Circle Inspectors will devote themselves mainly to the supervision of criminal investigations or of action for the prevention or suppression of crime.

The extension of the new beat system to the Northern Division of the Suburbs was completed during the year.

2. There was an increase in the number of departmental punishments for the most part amongst the rank of constables. It appears to have been due mainly to the exercise of better check and supervision over the work of beat constables which was provided by the special deputation of seven European sergeants to look after the men employed on this duty. His Excellency in Council regrets to notice that the number of resignations, though slightly less than in the previous year, was still very large and that the position in respect of recruitment is far from satisfactory. It might help to make service in the Police force more attractive if a small bonus were paid to recruits on entertainment as is done in the Bengal Police. The Governor in Council will be prepared to consider a proposal to this end if submitted by the Commissioner of Police. Better arrangements are also needed for the accommodation and training of recruits. Hitherto recruits have been sent for training to the constables' schools at Nathnagar in Bhagalpur district. The arrangement has not worked very satisfactorily and is no longer practicable since the school has ceased to belong to this Presidency. The Governor in Council is inclined to think that better results might be obtained in respect of both recruitment and training if a separate and self-contained recruiting dépôt and training school for the Calcutta Police were established in the neighbourhood of Calcutta. The Commissioner of Police will be asked to submit proposals accordingly.

3. The number of cases both cognizable and non-cognizable was larger than in 1910. In the case of the former the increase was noticeable—the total number of true cases exceeding that of the previous year by 15,468. His Excellency in Council is glad to see that the increase is due largely to greater activity in dealing with cases of obstruction of the public thoroughfares to which special attention was directed in the Government Resolution on last year's report. It is clear that the police have been making good use of the powers conferred on them by the Calcutta and Suburban Police Amendment Act III of 1910, but it is impossible to say without a more prolonged trial whether these powers will prove sufficient to check the abuses which they are designed to meet. The Governor in Council regrets that the Commissioner of Police has to complain that Magistrates do not award adequate sentences for offences of this nature, and their attention will be drawn to the desirability of passing sentences which are likely to prove deterrent.

4. As against the further increase in the number of cases of ordinary theft it is satisfactory to note that there was a large increase in the number of convictions for this offence and for the offence of receiving stolen property. Separate figures for the divisions are not given, and it is therefore not possible to say with accuracy what effect the introduction of the beat system has had upon crime against property. It is, however, disquieting to find that the increase in burglaries comes wholly from the Suburbs, where the beat system was extended into a third division during the year. The Governor in Council trusts that the control of this form of crime will continue to receive the Commissioner's close and sustained attention.

5. The report of the Commissioner of Police again calls attention to the inadequacy of the accommodation available in the Calcutta Police Court buildings, and with this question is bound up the necessity of finding room for the expansion of the police head-quarters at Lal Bazar. Proposals for the extension of the existing buildings had been sanctioned during the year, but the site is already congested, and this expedient was only approved

because no suitable buildings could be found elsewhere. The transfer of the head-quarters of the Government of India from Calcutta has now removed this difficulty, and Government is considering a proposal for the removal of the Police Courts to No. 3, Charnock Place, at present occupied by the Commissioner of the Presidency Division and other officers. This building His Excellency in Council is inclined to think would prove very suitable for the Presidency Magistrates, and the present Courts will provide the Commissioner of Police with a substantial portion of the much needed extra accommodation for his head-quarters. The Commissioner's bill for house-rent is little short of one and a half lakhs of rupees per annum, and it is hoped that the new arrangements will lead to a substantial reduction in this charge. The additional space which will be available at No. 3, Charnock Place, will allow of the provision of suitable court rooms for the use of Honorary Magistrates who, in the absence of sufficient and suitable accommodation, cannot furnish the relief to Stipendiary Magistrates which they are able and anxious to give. Even in existing conditions, however, many of the Honorary Magistrates have rendered much assistance, and His Excellency in Council takes this opportunity of acknowledging the value of their services.

6. The Governor in Council is glad to notice that effective measures have been taken during the year to secure juvenile offenders before and after conviction from contact with habitual criminals. One hundred and four first offenders were discharged under section 562, Criminal Procedure Code, and of the juveniles convicted, 38 were sent to a reformatory school as against 26 in the previous year; while 16 were discharged after admission, 12 bound down to be of good behaviour, 1 fined, 271 whipped and 11 only sentenced to imprisonment in the Juvenile Jail. It can be said with justice that the action of the police and courts now proceeds on lines which are in reasonable accord with modern ideas as to the treatment and reformation of juvenile offenders.

7. There has been a satisfactory improvement in the efficiency of the Fire Brigade in consequence of its reorganization which was based on the recommendation of the Committee which sat during the year. A European Superintendent has been obtained from England since the close of the year, and he will submit his recommendations for the permanent needs of the Brigade when he has gained some experience of local conditions. The use of motor engines has added greatly to the utility of the Brigade in dealing promptly with outbreaks, and there was a most satisfactory decrease in the amount of property destroyed by fire. The question of the future accommodation of the Brigade to which the Commissioner of Police refers is an important one, and will require serious consideration. The proposal to construct a new central fire station on modern lines would however involve considerable expenditure and there is also the difficulty of finding a suitable site.

8. The Governor in Council notes with pleasure the commendations of the Commissioner on the officers who have done good work during the year. Great credit is due both to the Calcutta Police and to the officers and men of the Bengal Police who were drafted into Calcutta for the manner in which they performed the onerous and anxious duties thrown upon them by the visit of their Imperial Majesties to Calcutta at the close of the year. The good work of the force as a whole was graciously acknowledged by His Imperial Majesty, and in recognition of special services rendered, Sir F. Halliday, Commissioner, was honoured with a Knighthood. Mr. F. C. T. Halliday and Mr. C. A. Tegart, Deputy Commissioners, were appointed to the Royal Victorian Order (5th class), while the Royal Victorian Medal was bestowed on Superintendents Aldridge and Eastwood, Inspectors Edwards, Farrow and Creffield, Chief Engineer Phillips, Sergeant Sharpe and the officiating Head Assistant of the Commissioner's office (Mr. A. DeSouza). His Imperial Majesty was also pleased to add a bar to the Royal Victorian Medal awarded to Inspector Hanson in 1906. The Governor in Council congratulates these officers on the distinctions which they received. The special acknowledgments of His Excellency in Council are due to Sir F. Halliday for his able and successful administration of the Calcutta Police throughout the year.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Commissioner of Police, Calcutta, for information and guidance.

Ordered also that a copy of the Resolution be forwarded to the Chief Presidency Magistrate, Calcutta, the Commissioner of the Presidency Division, the Chairman of the Corporation of Calcutta, and the Municipal Department of this Government, for information.

Ordered also that a copy of the Resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council.

Chief Secretary to the Government of Bengal.

THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION, 1912.

NOTIFICATION.

No. 4178.—The 9th August 1912.—The following Prospectus relating to the Industrial and Agricultural Exhibition to be held at Mysore in October 1912 is published for general information.

J. H. KERR.

Secy. to the Govt. of Bengal.

PROSPECTUS OF THE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION OF 1912.

Introductory.—With the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following Prospectus in connection with the Exhibition of 1912.

2. *Opening of the Exhibition.*—This year the Exhibition opens on the 14th of October and will continue till the 28th of October, both days inclusive. The cattle (local) and poultry shows will begin on Monday, the 21st of October, and close on Thursday, the 24th.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, artizan and the manufacturer by actual demonstration. But as the exhibition of a single specimen may not afford full information and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted.

Sale rooms and sale of exhibits.—Articles on a larger scale sent merely for sale will have to be kept in separate stalls and in charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits; but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition grounds without a gate pass, which will be issued by the Cash Accountant on production of a cash-bill or sale memo., as the case may be.

Those who desire special facilities for the sale of articles or demonstration of processes are requested to place themselves in communication with the Secretary to the Exhibition Committee at least two weeks before the opening of the Exhibition.

4. *Horticultural Show.*—The horticultural show, comprising Class II, Group 2, items 1 to 7, mentioned in the first section of the Prospectus, will be held on the 21st of October 1912 and kept open till the following day.

5. *Lectures.*—Written notes on subjects connected with agriculture and industry will be thankfully received and printed in book forms for distribution at the Exhibition.

Demonstrations.—Arrangements will be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and Pottery work, Carving and Metal work. The exact time of demonstrations will be announced later on by hand-bills and notices: unless there be at least three competitors for each event, the Committee have full power to withhold such competitions.

6. *Donations.*—The Committee will thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of agriculture or industry.

7. *Classification of Exhibits.*—The classification of exhibits will be according to the prize list subjoined to the Prospectus, and entries in several sections should be made in the application forms prescribed.

8. *Open to all India.*—The Committee invite exhibits from all the districts of the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

9. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

10. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets will be issued at Re. 1 per head. These are not transferable, but books of eight single tickets may be had also at Re. 1 per book. Return railway season tickets between Bangalore and Mysore at a reduced rate, which will also admit the holder to the Exhibition for the whole period, will be arranged for.

RULES AND REGULATIONS.

Noxious Articles.—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars regarding the Exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in the necessary entry form appended to this Prospectus. Forms may also be obtained from the District, Divisional and Taluk Offices or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up and separate sheets should be used for each section.

3. *Application from Exhibitors.*—Applications should reach the Secretary not later than 15th of September 1912. Each application should contain a post-card with the full address of the exhibitor and the receipt of the application will be communicated by returning the card duly signed.

4. *Lists from Taluks.*—Deputy Commissioners of districts with the District Committee, Subdivisional Officers and Amildars of taluks are requested to convene, as early as possible, a meeting of the leading artisans, raiyats and merchants residing within their respective charges, to explain to them fully the object and the scope of the Exhibition, to carefully acquaint them with the rules and regulations, drawing particular attention to such paragraphs as 2, 3, 10, etc., to send to this office for information copies of proceedings of District and Taluk Committee Meetings, to distribute to them forms of applications, to have them filled up by intending exhibitors and to compile and forward them to the Secretary.

5. *Articles not enumerated.*—The Prospectus will show the nature of articles which can compete at the Exhibition. Articles not specially enumerated in this Prospectus may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for Exhibits.*—No fees will be charged for the admission or for space given to display exhibits.

7. *Acceptance of Exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance or rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of Exhibits.*—Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by post or railway, and all taluk and district exhibits should be sent through the Deputy Commissioners of districts so as to reach the Exhibition by the 30th of September 1912. A consolidated list of district exhibits and exhibitors in duplicate should accompany the consignment, one of which will be checked, receipted and returned by the Secretary.

9. *Payment of Freight and Transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor will be accepted by the Committee, nor can the money be received from the exhibitors for payment towards clearance of goods booked "To Pay."

10. *List of particulars.*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor;

in the case of exhibits in the agricultural section, essential particulars should be given, such as—

1. The season of sowing.
2. The soil on which they are grown.
3. The quantity of seed per acre.
4. The manure used.
5. Whether any irrigation is required.
6. The time required for the maturing of the crop.
7. The average yield per acre.
8. Any other interesting details regarding cultivation.

11. *Exhibits which have already won Prizes.*—Exhibits which have won prizes in the previous Mysore Exhibitions shall be precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. *Date of delivery of the Exhibits.*—Intending exhibitors are requested to send the exhibits so as to reach Mysore on the 15th of September 1912, from which date the Committee will arrange to take charge of exhibits, and no exhibits should arrive later than the 30th of September 1912.

13. *Belated Exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the date in paragraph 12; but they shall not find an entry in the official hand-book if the exhibitors fail to furnish at least the accurate lists of exhibits within the prescribed time.

14. *Perishable Articles.*—Vegetables, fruits and other perishable articles may, however, be delivered at the Exhibition hall till 7 P.M. on the 20th of October 1912.

15. *Valuable Exhibits.*—All valuable exhibits must invariably be forwarded and kept under the charge of an attender.

16. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits other than those mentioned in the above rule may make special arrangements with the Committee for the exhibition of their goods on payment in advance, in full, of the estimated expense.

17. *Responsibility of Exhibitors.*—The reception, fitting and removal of spacious and heavy exhibits must be personally supervised in the Exhibition either by the exhibitors or their agents. In default the Exhibitor will be bound by the action the Committee may take in respect of such articles.

18. *Committee accept no responsibility.*—No responsibility for damages or loss howsoever occurring will be accepted by the Committee in respect of any exhibits.

19. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any process of manufacture or the working of any implement or machinery, and if so, to state briefly the nature of the demonstration and any special facilities they require for mounting their machinery.

The Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitor's expense. The expenses for any special facilities sought for demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made by the Committee.

20. *Weighing of Exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangements, it is not possible to weigh every consignment before taking delivery of it. So the exhibitors are requested to take every precaution in packing their exhibits and to send to the Committee, in time, an accurate list of exhibits sent by them. Exhibitors who wish that their consignment should be weighed at the Railway station before delivery should intimate their wish to the Secretary in time and remit in advance a special fee of one rupee on each consignment to be thus weighed.

21. *Acknowledgment of Exhibits.*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitors, duly signed by the Secretary. No other kind of receipt or acknowledgment shall be sent.

22. *Free Pass to Exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given. Exhibitors and such assistants, servants or other attendants as they may require for service in their stalls shall enter the Exhibition grounds through such entrance or entrances as the Committee may direct; they must wear badges, discs or hold passes issued to them before the opening of the Exhibition. All such assistants, servants or other attendants must obey the orders of the Committee and of the supervising staff appointed by them.

23. *Free admission to bona-fide Raiyats and Artizans.*—Raiyats and artizans unable to pay fees, belonging to the Mysore State or from outside, who produce certificates of identification signed by their respective Taluk Officers in form B appended to this Prospectus, will be admitted free.

24. *Space for Articles on sale.*—Accommodation for articles to be sold by owners will be provided in the sale rooms erected within the Exhibition grounds, as far as possible, and the following rent will be charged for special accommodation. Sellers may have temporary hoots put up at their own cost in the Exhibition grounds by previous arrangements with the Committee:—

				Rs.
1.	Full stall, 21' by 10½'	15
2.	Half stall	8
3.	Quarter stall	5

No refund will be given to an exhibitor who occupies less space than that allotted and paid for, and the unoccupied space will be disposed of by the Committee in the way it deems best.

No exhibitor shall assign, transfer, sublet or part with the possession of any site or building or portion thereof allotted to him or dispose of any part or interest therein or place therein any other than his own duly approved exhibits. Any breach of this rule renders the exhibitor liable to have his exhibits removed summarily from the Exhibition and he shall not be entitled to any compensation.

Commission.—A commission of six pies in the rupee will be charged on the sales conducted in the sale rooms by the exhibitors themselves or by their agents.

25. *Exhibits for sale.*—Exhibits labelled "For sale" will be sold during the time the Exhibition lasts; but no article will be removed till the close of the Exhibition.

26. *Commission sales.*—A commission of half an anna in the rupee will be levied on all articles sold in the Exhibition stalls and grounds through the salesmen appointed by the Exhibition authorities. In this case the money will be received and remitted to the exhibitor by the Exhibition office.

27. *Opening of Stalls.*—All buildings erected by exhibitors and all sites, stalls, etc., occupied by them shall be properly cleaned and open for the public before the hour of opening each day and shall remain so during the hours of Exhibition, and if this is not done to the satisfaction of the Committee, it shall arrange to have everything done at the sole risk and expense of the exhibitor.

28. *Removal of Exhibits.*—All exhibits must be removed within a fortnight after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owners or purchasers within 24 hours after the opening of the Exhibition.

29. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of articles.

30. *Exhibits belonging to Departments of Mysor Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. Certificates of merit will also be given to such of the exhibits from private gentlemen as have not been provided for in the Prospectus, if they are considered by the judges worthy of the same. (This rule does not preclude Government servants or pupils of Industrial Schools and

institutions aided by Government from competing for prizes, if the exhibits are manufactured by themselves.)

31. *Admission of Live-stock.*—The time of the year when the owners of cattle are fully engaged in the fields having been found very unsuitable for a regular Cattle Show, it has been decided to restrict the show to the fine specimens of local (Mysore district) cattle irrespective of breeds and classes.

32. *Accommodation for Cattle.*—Accommodation will be provided free of cost.

33. *Practical test.*—Working cattle may, at the owners' option, be subjected to a practical test as to their powers of draught. They must be the *bond-fide* property of the exhibitor.

34. *Care-taker.*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

35. *Poultry Show.*—The poultry must be in charge of the owners or an attendant who will be admitted on the show days with a free pass. Every endeavour will be made for safe accommodation. The number of each breed that a competitor may bring must be intimated to the Secretary at least four days before the opening day.

36. *Poultry Appliances.*—Prizes will also be awarded for incubators and other poultry appliances.

37. *Distribution of Awards.*—Prizes and medals will be distributed at the close of the exhibition. This year it is proposed to hold a distribution of prizes in the exhibition grounds on or about the 28th of October 1912.

38. *Number of Judges.*—The judges in each class or group will not be less than three, but no prizes will be awarded unless, in the opinion of the judges, the exhibits merit the reward. Judges cannot compete for prizes in classes or section in which they are judges, and the decision of the judges is final.

39. *Photograph of articles exhibited.*—No articles exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the Committee. General photographs of stalls may, however, be taken with the permission of the Committee.

40. *Committee's decision final.*—The Committee have full power to make rules for the conduct of the exhibition under these regulations, and their decision is final in all cases.

41. *Acceptance of rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations and also such other rules as the Committee may hereafter issue not inconsistent with these regulations.

42. *Official hand-book.*—An official hand-book of all exhibits with the names and the addresses of the exhibitors and their agent or agents, if any, will be published about the opening day of the exhibition without any further cost to the exhibitors. It is expected that a large number of people will visit the exhibition and that many of them will probably purchase the official hand-book which will be sold at a nominal price. It will be a capital opportunity for advertisers to advertise through the medium of this hand-book. Advertisements will be received for publication in the official hand-book at the following rates:—

	Ordinary paper	Coloured paper
	Rs. A.	Rs.
Full page	.. 20 0	25
Half page	.. 12 0	15
Quarter page	.. 7 8	10

(Special rates of Rs. 30, Rs. 16 and Rs. 12 will be charged for advertisements on the page of the cover for full, half and quarter page, respectively.)

Applications for these advertisements will be received not later than 15th September 1912 and must be accompanied by a remittance in full payment of the amount due for space applied for.

43. *Refreshments.*—No articles of refreshment, food, drink or tobacco shall be sold in or on any site, buildings or part thereof in the Exhibition without the written permission of the Committee.

44. *Committee's right.*—The Committee or any person or persons, that they may appoint shall at all times have free access and right of entry to all or any part of the space, site or buildings allotted to exhibitors.

45. *Accommodation.*—Accommodation for visitors will be arranged in the sheds put up outside the Exhibition buildings, provided intending visitors apply to the Secretary at least a fortnight before the opening of the Exhibition. A rent of annas six per day, subject to a minimum charge of Rs. 3 for stays less than eight days, will be charged.

46. *Entertainments.*—The Committee will receive applications for entertainments in the Exhibition grounds. No charges will be levied for space allotted therefor.

47. *Post and Telegraph Office.*—The “Mysore Exhibition Camp” Post and Telegraph Office will be open at the Exhibition from 10th September to 30th November, and all letters, etc., addressed to the Exhibition Camp Office will be delivered earlier than those addressed to Mysore Town.

48. *Railway Concession.*—Concession for the carriage of exhibits over the following Railways to the Mysore Dasara Industrial and Agricultural Exhibition on production of necessary certificates which may be had by applying to the Secretary to the Exhibition has been kindly granted by the respective Railway authorities:—

1. The South Indian Railway.
2. The Bhavanagar State Railway.
3. The East Indian Railway.
4. The Bombay, Baroda and Central India Railway.
5. The Bengal-Nagpur Railway.
6. The Great Indian Peninsular Railway.
7. The Cutch State Railway.
8. The Madras and Southern Mahratta Railway.
9. The Barsi Light Railway.

Besides, the following have also extended the concession to the exhibitors. The period will commence in case of exhibits from 1st September and end on 20th November 1912, and in case of exhibitors from 1st October to 8th November 1912:—

1. The South Indian Railway.
2. The Bhavanagar State Railway.
3. The Bengal-Nagpur Railway.
4. The East Indian Railway.
5. The Cutch State Railway.
6. The Madra and Southern Mahratta Railway.

49. *Steamer Concession.*—As a tentative measure, the Manager, Irrawaddy Flotilla Co., Ltd., Rangoon, has kindly consented to allow concession to both exhibits and exhibitors, the concession in case of exhibits being half tariff rates and in case of exhibitors half their passage money.

50. *Communication regarding the Exhibition.*—All communications regarding the exhibition should be addressed to the Secretary to the Mysore Dasara Industrial and Agricultural Exhibit on Committee, Mysore.

G. SUBBUSWAMI IYER, *Secretary.*

MYSORE, the 10th May 1912.

WOMEN'S SECTION.

NOTES ON THE LACE AND EMBROIDERY SECTION OF THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION.

Owing partly to the fact that it is extremely difficult to translate into Indian Vernacular English terms used for needle-work and Embroidery, and partly because people do not readily understand the difference between an Exhibition and an ordinary shop or stall, exhibitors have not always understood what articles are required and will be rewarded, and have sent in much to former Exhibitions that even if good in itself, was debarred from getting any prize by the fact that it was not asked for in the Prospectus.

It has therefore been thought well to publish a few explanatory notes.

The room devoted to the lace and embroidery section is necessarily limited, and it is not possible in any one year to include all kinds of needle-work.

If too many specimens are received, they cannot be displayed effectively, and the crowding of embroideries, etc., only results in confusion, dust, damage to the exhibits, and prevents their being satisfactorily shown.

Therefore instead of crowding the stalls with masses of needle-work, good and bad, old and new, clean and dirty, whether included in the Syllabus or not, the Sub-Committee wish the exhibition to be confined to such specimens only as—

- (1) are asked for the Syllabus,
- (2) are considered by them to be really of excellent workmanship,
- (3) are new and fresh.

N.B.—Valuable specimens of old embroidery, lace or needle-work should be placed apart in "A loan Exhibition."

Exhibitors would do well to note that the best materials available should be used, and that one perfect specimen of any particular work is much more likely to gain a prize than many indifferent specimens. For instance, one silk tie, perfectly knitted in good silk of a nice colour, would stand a better chance of reward than a score of ties carelessly knitted.

Moth-eaten, faded, torn or dirty work cannot be accepted.

Competitors will please note that this year dressed-pictures and bead work are not included in the syllabus; and that no bead work or miscellaneous work is to be sent for exhibition.

In judging the needle-work, its suitability for use and sale (including the possibility of its being easily cleaned or washed) will be taken into consideration, as well as beauty of design, material, colouring and workmanship.

G. SUBBUSWAMI IYER, *Secretary*.

PLOUGHING COMPETITION.

In the prize list published with the Prospectus, a sum of rupees fifty has been allotted for the ploughing competition. The following particulars regarding the award of prizes are published for information:—

Indigenous and imported implements of all kinds will be admitted, the different classes of implements being allowed to compete separately—

1. *Ploughing*.—Each competitor will be required to plough completely one plot of red loamy soil measuring four guntas in an hour and-a-half.
2. *Ridging*.—To ridge up completely a three-gunta plot in an hour and-a-half.
3. *Harrowing*.—A four-gunta plot will have to be harrowed in twenty minutes.
4. *Sowing*.—A four-gunta plot to be sown in twenty minutes with a seed-drill.
5. (a) *Thrashing*.—A given quantity of a given kind of crop to be thrashed by cattle, stone-mills, or power-machines.
(b) *Winnowing*.—By machines of different kinds.

The number and value of prizes to be awarded will be fixed after applications for the entries are received and the various kinds of implements and machinery competing are known, and the present provision of rupees fifty will be increased if necessary. The competition will be held between the 14th and 28th of October, and the details regarding the days and hours of the competition and the prizes will be intimated to the applicants on or about the 1st October.

Those who wish to enter for these competitions are requested to submit their applications in the accompanying form through the ^{Amildar} Tahsildar of their taluk so as to reach the undersigned not later than the 1st of October 1912, at Mysore.

APPLICATION FORM.

Name and address of the competitor.	Name, kind and value of the agricultural implements which the competitor proposes to enter for the competition.	Events for which the applicant wishes to compete.	Remarks of the Amildar or Tahsildar of the Taluk.

N.B.—All the agricultural implements should be produced for the inspection of the Secretary to the Exhibition Committee at Mysore.

SECTION F.—MISCELLANEOUS.

3. POTTERS' COMPETITION.

RULES.

1. The competition will commence at 8 A.M., on Wednesday, the 23rd October 1912 and will be continued for three days.

2. Any kind of wheels, indigenous or improved or foreign, may be entered for the competition.

3. Competitors will be allowed to fix their own apparatus beforehand.

4. Competitors will bring their own clay; but gypsum powdered or cement will be supplied by the Committee.

5. Competitors will be allowed to compete under one or more of the undermentioned tests:—

- (i) To make plain flower-pots 8 inches high with $\frac{1}{4}$ inch thick without lip.
- (ii) (a) To make a tea-pot of a given size.
(b) To make a jug of a given size with a single or double sheaths.
- (iii) (a) To make a pedestal 4 feet high with the two ends ornamental with beadings.
(b) To make an ornamental balustrade as per sample approved.
(c) To make a mould of an ornamental flower-pot in gypsum or in cement and to show the process of taking out copies.

N.B.—Competitors under tests (b) and (c) of class (iii) should get the sketches or sample objects approved by the judges.

6. In awarding prizes, the judges will note the following points:—

- (a) The state of finished articles while drying, with special reference to cracks, etc.
- (b) Throwing and finishing.
- (c) Adaptability of the wheel.
 - 1. Whether the wheel is suited for throwing different kinds of objects.
 - 2. Whether the wheel can be worked profitably by potters in their houses or is only useful for factory work.
- (d) Mechanism of the wheel.
 - 1. Soundness and simplicity of the wheels.
 - 2. Position in which the potter has to hold his body and the ease with which he works.
- (e) The different kinds of clay and materials used.
- (f) Methods of preparing the clay.

THE WEAVING COMPETITION.

In connection with the Exhibition of 1912 a competition in Weaving and its preparatory process will be held in the Exhibition premises, Mysore. The following rules regulating the competition are published for the information of the intending competitors:—

SECTION I.

The competition will commence on Tuesday, the 22nd of October 1912 and will be continued for three days.

2. Weavers will be required to work for 7 hours a day, from 8 to 11-30 A.M., and from 2 to 5-30 P.M.

3. Any kind of hand-loom may be entered for the competition; but competition among weavers in each class will be among weavers working on the same kind of loom.

This rule does not effect giving loom prizes to any kind of loom that enter into any kind of competition.

4. No prizes or medals will be given to competitors in a certain class, when the number is less than 3. But all *bond-fide* weavers will be given their third class fare to and fro at concession rates or reasonable cart-hire and an allowance of five annas per day for five days only, if they come and demonstrate any of the operations that are mentioned in the items for competition. Those that desire to utilize this opportunity for weaving extraordinary patterns will have to intimate to the Secretary at least 15 days

before the Exhibition commences when the necessary arrangements will be made for the same. Weavers in Mysore City will get only their daily allowance.

5. A man that has once competed in weaving one kind of cloth and won a prize will not be allowed to compete in the same kind of cloth for three years to come, but such competitors may be allowed and given a special prize by the judges if they think that the competitor serves as a model to local weavers. This rule equally holds good in the case of awarding medals and prizes to the looms.

6. Competitors will be allowed to fix the warps on the looms beforehand and to weave a length not exceeding two yards before the competition commences.

7. Under Sub-Committees with the Chief Revenue Officer of the locality as President, competitions in any of the undermentioned tests will be held in the month of August in all the most important weaving centres of the Province. There must be at least three competitors in each of the tests. Two prizes of Rs. 10 and Rs. 7 will be awarded in each centre. The first of the competitor in each of the tests will be required to compete in Mysore at the time of Dasara.

8. A competitor can compete in any one of the following tests (a to d):—

The Manager of a factory or a school may send one or more weavers to compete for one or more tests.

The following are the tests for the competition of this year:—

- (a) To weave a cloth 54 inches wide (having $\frac{1}{2}$ inch silk-border) with 30's warp, 52 ends per inch and 30's weft, of 48 picks per inch. Prize—Rs. 10 and Rs. 8 for each set of competitors.
- (b) To weave a cloth 54 inches wide (having $\frac{1}{2}$ inch silk-border) with 40's warp, 60 ends per inch and 40's weft, of 52 picks per inch. Prize—Rs. 12 and Rs. 9 for each set of competitors.
- (c) To weave a cloth 54 inches wide (having $\frac{1}{2}$ inch silk-border) with 60's warp, 72 ends per inch and 60's weft, 72 picks per inch. Prize—Rs. 14 and Rs. 10.
- (d) To weave a cloth 45 inches wide with 100's warp, 80 ends per inch and 120's weft, 80 picks per inch. The border is to be of lace and silk of any pattern (specially Rudrakshi, peacock, weaving, etc.) left to the option of the competitor. Prize—Rs. 15 and Rs. 12.
- (e) To weave a Magutam 54 inches wide with red, yellow or bleached country twisted silk of about 80 counts. The border must be of lace of about $\frac{1}{2}$ inch. It is sufficient if the competitors use reeds of about 40 dents and weave about 80 picks to an inch. Prize—Rs. 15 and Rs. 12.

In (a), (b) and (c) the cross borders must be of silk and in (d) and (e) they must be of lace.

The authorities may allow any other tests provided there are sufficient number of competitors.

9. The competitors will purchase warps from the Exhibition authorities and use them alone for competition and the competitors must bring in their own wefts.

Intending competitors should inform the Secretary at least 15 days before the competition commences. The local weavers will get their daily allowances only. All competitors must bring their own pirns.

10. In awarding prizes to the weavers the judges will note the following points:—

The work done—

- (1) The length of the cloth woven during the whole period.
- (2) Uniformity of picking and adhesion to specification.
- (3) Freedom from broken ends.
- (4) Clean edges, etc.

11. A gold and silver medal will be awarded to the best looms as first and second prizes.

In judging the looms the judges will consider in addition—

(a) Adaptability of the loom :—

- (1) Whether the loom is suited for weaving different kinds of cloth using different kinds of yarn.
- (2) Whether the loom can be worked profitably by weavers in their houses or is only useful for factory work.

(b) Mechanism of the loom :—

- (1) Soundness and proper proportion of its parts.
- (2) Simplicity in mechanism so as to be capable of being easily repaired when out of order.
- (3) The position in which the weaver has to hold his body while working and the ease with which he can work the loom.

A loom that was once awarded a medal will not get it a second time.

SECTION II.

WEAVING AND PREPARATORY PROCESS.

Tests in the following four classes are opened to boys under 18 years and woman of any age. Of the two prizes, one will be among boys and the other among women.

1. Simple processes of making long warps and sizing them economically and usefully.

2. Simple adaptation of English Dobby for hand-loom work.

3. Of any new mechanism likely to improve or increase the quality of the outturn such as new patterns of automatic take-up motion, etc.

4. *Spinning*.—Any kind of spinning appliance may be used. Wool to be spun will be supplied at the time of the competition at the cost of the competitors. The thickness of the yarn and the quantity to be spun and the time to be taken will be decided by the judges. Prize Rs. 10 and Rs. 7.

5. *Warping and sizing*—

(a) Open only for females.

To make 40's warp, 10 yards long and to size it. Prize Rs. 10 and Rs. 7.

(b) Open for males and females.

To make 60's warps, 40 yards long and to size them. Prize Rs. 15 and Rs. 10.

The prizes will be awarded for the best-sized warps. The time to be allowed for work, the quantity of yarn to be warped and the test to be adopted for judging the work will be decided by the judges. Yarn for warping and sizing will be supplied at the cost of the competitors at the time of the competition.

6. Competitors will fit up their own looms in the ground allotted and get everything ready for competition.

7. Intending competitors must send their application in the prescribed form, so as to reach the Secretary at Mysore on or before the 20th of September 1912 at the latest.

DEPARTMENT OF AGRICULTURE, BENGAL.

FIRST FORECAST OF THE COTTON CROP OF BENGAL, 1912-13.

[NOTE.—On the average of the five years ending 1910-11, the area under cotton crop in Bengal represents some 0·3 per cent. of the total area under cotton in India.]

Explanatory.—Cotton crop is cultivated only in the districts of Bankura, Midnapore, Chittagong Hill-Tracts and in the State of Hill Tippera. This report deals with the area sown and the prospects of the early crop, and gives a brief summary of the progress of the sowings of the late crop.

Character of the season.—The early crop is chiefly grown in the district of the Chittagong Hill-tracts and in the State of Hill Tippera. In the districts of Bankura and Midnapore the areas under the crop are very limited. The weather conditions have been favourable; but owing to scarcity in Hill Tippera and in the Chittagong Hill-tracts the area cultivated is considerably less this year. The late crop is cultivated only in the districts of Bankura and Midnapore. Fair progress has been made in sowings in Midnapore. In Bankura sowings have not commenced as yet. The condition of the standing crop is reported to be fair on the whole.

Area sown.—The area sown with early cotton is reported to be 49,250 acres against 60,900 acres last year. Up to date 420 acres have been sown with the late cotton crop. The area under the crop last year was 1,800 acres.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF
BENGAL, 1912-13.

NOTE.—[On the average of the five years ending 1910-11, the area under sugarcane in Bengal represents some 10·3 per cent. of the total area under sugarcane in British India.]

Character of the season.—The weather conditions have been generally favourable. Planting began in normal time, and the present condition of the crop is reported to be fairly good. Some damage was done to the crop by heavy rain in April in Dinajpur, Tippera, Noakhali and in the districts of the Dacca Division.

Area planted.—The area planted with sugarcane this year is estimated at 221,500 acres against 223,300 acres of last year. The normal area under the crop is reported to be 250,300 acres.

Outturn.—According to the estimates of the district officers the total outturn of the crop for the province works out to 89 per cent. of the normal as against 102 per cent. estimated last year.

Bisalpur	25,000	30,000	29,200	90	82	Second week of March: normal.	The decrease in area this year is due to the harvesting of last year's crop being late and to consequent rain at the time of planting. The weather and prospects of the crop are favourable.
Jalpaiguri	5,300	4,400	4,800	80	80	Middle of February: normal.	The weather and the present condition of the crop are favourable. The increase in area was due to favourable weather at sowing time.
Darjeeling	1,200	100	100	75	63	Last week of March	The weather and rainfall have not been favourable. The condition of the crop is fair. The crop this year is expected to be worse than last year.

Bogra	20,000	20,000	20,000	80	80	First week of March: normal.	Deficient rainfall retarded the cultivation at the beginning, but subsequent rainfall has improved the prospects considerably. The effects of the weather on the cultivation and growth of the crop are on the whole good.
Pabna	10,000	10,000	10,000	90	100	Middle of April: normal.	This year rainfall favoured the planting operations. The weather up to date has been favourable, and if the conditions continue favourable a normal return is expected.
Malda	200	200	200	100	100	April: normal ...	The weather at planting time was good. It was not favourable in May, but it is favourable now. A bumper crop would have been expected if the weather was good in May also.
Dacca	21,100	15,800	15,900	85	92	April in Sader and Mousazang: normal. February in Narayanganj: Partly Middle of January to Mousazang: normal.	The weather was favourable at sowing time and is rainy at some intervals up to this time. Early rain overcame the drought, but heavy showers of rain caused slight damage to crops. Hence the return is expected to be better than last year though below the normal. The decrease in the area is due to the damage caused by flood last year and to the fact that order crops are found to give better returns for the capital and labour employed which made the cultivation less forward in growing this crop.

FINAL FORECAST OF THE EARLY VARIETY OF TIL IN 1912
IN THE PRESIDENCY AND BURDWAN DIVISIONS.

[NOTE.—On the average of the five years ending 1910-11, the area under *til* in Bengal represents some 5·9 per cent. of the total area under *til* in British India.]

Character of the season.—This forecast only deals with the districts of the Presidency and Burdwan Divisions. The crop is most important in Midnapore, where it covers about half the total area under the crop in these divisions. In Murshidabad, Jessore and Bankura the weather conditions were not favourable at the beginning of the season, but subsequently the prospects improved. The crop is reported to be fairly good on the whole.

Area sown.—The total area sown with the crop is estimated at 23,000 acres against 25,400 acres of last year.

Outturn.—According to the estimates of the District Officers the outturn of the crop for the Province works out to 86 per cent. of the normal against 73 per cent. of last year.

Accepting $1\frac{1}{4}$ maunds as the normal outturn per acre, the gross yield for the Province works out to 3,100 tons against 2,900 tons last year.

FORECAST OF THE SUMMER *TIL* CROP OF EASTERN BENGAL
IN 1912.

[NOTE.—On the average of the five years ending 1910-11 the area under *til* in Bengal represents some 5·9 per cent. of the total area under *til* in British India.]

Explanatory.—Under the late Eastern Bengal Government orders which are still in force two forecasts are annually published for the *til* crop in the Eastern Bengal districts. This forecast deals with the *til* crop grown between the period March-September.

Character of the season.—Scanty rainfall in the beginning of March and subsequent heavy rain affected the growth of the crop. Slight damage was also done to the crop by floods in the Dacca Division.

Acreage.—District Officers' estimates indicate a total sowing of 162,200 acres, which is 5 per cent. less than last year. The decrease in the area sown is mainly due to want of rain at sowing time and partly to scarcity in the Chittagong Hill-tracts.

Outturn.—The average outturn from District Officers' estimates works out to 79 per cent. of the normal against the same estimate last year.

Taking the normal yield per acre to be 4 cwts. the estimated total outturn is 25,600 tons against 27,000 tons last year, or a decrease of about 5 per cent.

Madda	...	500	400	500	100	100	April; normal.	End of August	The weather at sowing time and up till now as well as the condition of crop are fair. The increase in area was due to favourable weather at sowing time.		
Dacca	...	8,100	7,000	7,800	39	34	March; normal.	First part of June; normal.	The weather was rainy at intervals. The crop was damaged owing to want of rain at the beginning and to sudden rise of water subsequently. Besides, increased attention was also paid by the cultivators towards the joint crop this year. Hence the decrease in output.		

Mymensingh	68,000	68,000	68,000	20	90	Middle of March: Middle of June: normal.	There was scarcity of rains at sowing time. Subsequent heavy rains greatly affected the growth of the crop. Slight damage was also done to the crop in Netrokona by flood. Hence the outturn is below the normal.
Fardipour	10,700	8,000	3,600	67	22	Beginning of February: Beginning of June: normal.	The decrease in area this year was due to want of rain at sowing time and to extension of late cultivation. The weather was not favourable and the growth of the crop was not good. Want of rain at sowing time and excessive rain subsequently, which damaged the crop to some extent, caused the outturn to be less than the normal.
Bakerganj	16,200	11,700	11,700	100	100	Beginning of March: Beginning of September: normal.	The weather has been favourable and the growth of the crop is good.
Chittagong	300	200	200	95	108	April: normal	The weather has been suitable and the growth of the crop good.
Taluk	200	100	100	75	Forecast not received.
Narayana	100	200	400	60	60	March: normal	The increase in normal area was ascertained by actual enquiry made this year by the Superintendent of Feni. The increase in area this year is due to rise in the price of rice. The estimated outturn is expected to fall below the normal value to unfavourable rain fall.

NOTIFICATION.

No. 1939 Medl.—The 19th August 1912.—Extracts (paragraphs 1 to 19) from the Annual Report on the Government Cinchona Plantations and Factory in Bengal for the year 1911-12 are published for general information.

H. L. STEPHENSON,

Secretary to the Govt. of Bengal.

FIFTIETH ANNUAL REPORT OF THE GOVERNMENT CINCHONA PLANTATIONS AND FACTORY IN BENGAL FOR THE YEAR 1911-12.

1. **Weather.**—The year was marked by a prolonged rainy season and by an excessive precipitation. On Mungpoo the fall was 141·6 inches or 18·48 inches above the average. The fall on Munsong was 109·28 or 17·84 inches above the average and the heaviest yet recorded for that plantation.

2. **Plantations and crop.** (a) **Mungpoo.**—The long continued and excessive rainfall was unfavourable to the health of the young timber and fuel trees planted out during the year, so that about 25 per cent. of them

succumbed while the survivors scarcely more than held their ground. The latter are now however promising well, and the vacancies will be filled up from the large stock of young plants in the nurseries. During the year 300 acres were planted with such species as have been mentioned in previous reports. In all 1,318 acres have been re-afforested since 1906. In order to gain an indication of the possible effects of re-afforestation on *Cinchona* cultivation hereafter, two areas of 25 acres each—that had been under secondary forest for twenty years—were planted during the year, one with *C. Ledgeriana* and the other with Hybrid No. 2 from seed of trees of 8 per cent. quinine contents. The results will be noticed in future reports. There are now 510 acres under *Cinchona* on Mungpoo, but with the exception of the younger blocks the area generally has a poor appearance. There were at the end of March 1912 on Mungpoo 1,205,531 *Cinchona* plants, showing a decrease of 15,004 during 1911-12. During the year 126,604 trees were cut out, yielding 137,900 lbs. of bark or an average of 1.08 lb. per tree. Details are in Appendix A (1).^{*} The plantation maps have been brought up to date by Messrs. Russell and Cousins to show the areas under *Cinchona*, timber and fuel trees. The stock of *Ipeacuanha* plants was increased by 2,000 cuttings, while 500 were distributed to Johore and Singapore.

(b) **Munsong.**—On Munsong 179 acres were planted with *Cinchona*, of which 15.5 acres with Hybrid No. 2 on Munsong division, 23.5 acres with *C. officinalis* on Kashyem division, and 140 acres with *C. Ledgeriana*, being 90 acres on Kashyem and 50 acres on Burmiak division. The total area under *Cinchona* on Munsong plantation now amounts to 1,048 acres, being 948 acres of *C. Ledgeriana*, 58 acres of *C. officinalis*, 25 acres of *C. Succirubra* and 17 acres of Hybrid No. 2. The number of *Cinchona* plants on the plantation at the end of March 1912 was 1,513,316. The number of trees planted out was 243,327, and cut out 54,293. The increase in plants during the year was 189,034. The trees (54,293) cut out were almost exclusively of "thinnings" from the younger blocks and yielded 161,480 lbs. of bark or almost 3 lbs. of bark per tree. In order to gain a rough idea of the probable future yield of Munsong, 27 trees were chosen from the oldest block on the plantation, and their bark collected. The 27 trees yielded 324 lbs. of dry bark or an average of 12 lbs. per tree. The stem bark yielded 5.25, the root 4.92 and the branch 2.89 per cent. of quinine sulphate, the average being 4.67 per cent.

(c) **Plantations as a whole.**—The grand total of *Cinchona* plants of all sorts on both plantations at the end of March 1912 was 2,718,847, showing an increase of 174,030 over the total of last year. The annual though yearly lessening decreases that have been mentioned in the reports for the last few years have now disappeared. The dry bark harvest from both plantations was 299,380 lbs., being 201,520 lbs. less than the previous year's yield, as it was considered advisable to purchase bark while rates were low and reserve the plantation bark on the living trees against a probable rise in the price of market bark, which rise to the extent of over 30 per cent., has in fact since taken place. Details are given in Appendices A (1) and A (2).^{*}

3. **Factory and outturn.**—The quantity of bark used in the factory was 853,638 lbs. 15 oz., being 58,113 lbs. 1 oz. less than during 1910-11. The yield of quinine sulphate amounted to 40,378½ lbs., being 398½ lbs. more than last year's yield. In addition 6,004 lbs. of *Cinchona* febrifuge, 1,973 lbs. of residual alkaloids, 33 lbs. of cinchonine sulphate and 9 lbs. of other quinine salts were produced. Of the bark used 526,151 lbs. 15 oz. were of Java grown purchased *C. Ledgeriana* and Hybrid and 327,487 lbs. were of plantation grown bark, mostly *C. Ledgeriana*, but also small quantities of Hybrids Nos. 1 and 2 and *C. succirubra*. Details are given in Appendix C (2).^{*} The laboratory analysis of the Java grown and of the plantation barks gave respectively 7.42 and 4.43 per cent. quinine sulphate. The actual yield in the factory—including the quinine in the *Cinchona* febrifuge—was respectively 5.7 and 3.4 per cent.

A second bark store of half a million pounds capacity and a shed for firewood of 10,000 maunds capacity have been erected. The bark-mixer has been strengthened, and is now capable of dealing with all the bark required for the present output of quinine. The separation of the crude quinine

sulphate from the acid liquor obtained in the extraction factory is being transferred from the purification factory to a small building adjoining the extraction factory, and the present lead-lined crystallising troughs are being replaced by concrete ones. This re-arrangement will leave the purification process a building to itself and facilitate cleanliness of working. A lathe and a filter press have been added to equipment. The experiments referred to in last year's report as being undertaken with a view to cheapen the cost of quinine production were continued on a larger scale, but gave unsatisfactory results, so that they have had to be abandoned. The factory reservoir remained firm throughout the year.

4. **General charges.**—These now comprise only such as cannot clearly be debited against any of the heads of expenditure II—VII shown under Appendix D* and amount to Rs. 11,165-9-5.

5. **† Mungpoo plantation charges.**—These amount to Rs. 38,031-3-9, and are detailed under Appendix D-II.*

6. **† Munsong plantation charges.**—These amount to Rs. 59,127-13-8 and are detailed under Appendix D-III.*

7. **Total plantation charges.**—The total charges of both plantations are Rs. 97,159-1-5. Each plantation bears the cost of carriage of its own bark to the factory godowns.

8. **Net manufacturing charges.**—The net expenditure—detailed under Appendix D-IV*—on the extraction and purification only of the products mentioned in paragraph 3 above is Rs. 76,698-6-11.

9. **Expenditure on factory additions and alterations.**—As detailed under Appendix D-V* Rs. 9,000 were spent on additional factory equipment and on improvement of various sections.

10. **‡ Storage and distribution charges.**—The proportion of the total expenditure in connection with those charges accounted for by the Cinchona Department amounts to Rs. 5,827-7-3 as detailed under Appendix D-VI.*

11. **Expenditure on bark purchase.**—Rupees 1,84,743-10-6 were expended on the purchase, freight and carriage of 626,000 lbs. of Java grown *Cinchona Ledgeriana* and Hybrid bark. The total purchase sum represents—at the factory—both the cost and the market value—at the rates prevailing up to the end of March 1912—of the bark or of the quinine in it before extraction. Details are given under Appendix D-VII.*

12. **Cost of plantation bark.**—As the expenditure on the trees yielding the bark harvest of any given year is spent over varying periods of years from the planting of such trees to the time they are cut out and as any given area of Cinchona yields practically no bark for the first four years of its existence and then only "thinnings" until about the tenth year, to balance the expenditure of any year against the bark harvest of the same year would be approximately accurate only in the case of a plantation that had been in existence under even conditions for many years. This method is applicable neither to Mungpoo, the conditions of which have varied extremely, nor to Munsong, which is a young plantation, and has so far yielded only "thinnings." For the growing plantation of Munsong the method of estimating cost of bark now initiated is based upon the facts that in the Darjeeling district the maturity age—from the quinine-yielding point of view—of a *Cinchona Ledgeriana* tree is 10 years, and that practically no bark is harvested from any area under Cinchona for the first four years, while thereafter trees of various ages ("thinnings") are cut out until the tenth year is reached. So a 14 years period is selected and 10 per cent. of the total expenditure *plus* proportion of general charges on the total area under Cinchona from the first year of the period up to the end of each year is calculated *annually* for the first ten years of the period, and the total of the percentage sums balanced against the total bark harvest for the period of 14 years, the periods of 10 and 14 years respectively being annually shifted forward one year after the first 14 years period is completed. A detailed account of the method and of the calculations

* Not printed.

† The amounts debited by book transfer for medical stores under each plantation had not been communicated up to time of compiling this report.

‡ From the 1st October 1911 to the 31st March 1912 the sum of Rs. 1,748-11-6 not accounted for in this report was expended by the Prisons Department in connection with distribution of factory products.

is submitted separately in my letter C $\frac{A}{K}$ 4-1-12, dated the 15th July 1912. On this basis Munsong bark costs 1'84 annas per lb. As Mungpoo has ceased to grow the total expenditure since 1898 on Cinchona *plus* general charges but *minus* expenditure on re-afforestation has been balanced against the total bark harvest since 1898. The cost of Mungpoo bark works thus out to 2'49 annas per lb.

13. **Value of plantation bark.**—Bark is bought and sold on the basis of its quinine percentage obtained by laboratory analysis of samples, and the unit rate prevailing at time of buying or selling. The average of the unit rate from April 1911 to March 1912 is 3'14 Dutch cents per $\frac{1}{2}$ kilo. Five Dutch cents=1 anna and '5 kilo=1'102 lb. The laboratory analysis of the plantation bark gave 4'43 per cent. quinine contents. The value of the bark on the 1911-12 average unit rate basis is therefore $\frac{4.43 \times 2.14}{5} \times \frac{1}{1.102} = 2'52$ annas per lb. or Rs. 47.152-5-7 for the total harvest of 299,380 lbs. This leaves a considerable discrepancy between expenditure on the plantations and the value of the quinine in the bark harvested before extraction. This is because the bark harvest was restricted—for reasons already mentioned—and from Munsong consisted entirely of "thinnings," while practically two-thirds of the expenditure on Mungpoo was concerned with re-afforestation work. The value of the proportion of quinine (10,203 lbs.) extracted from the harvested bark is Rs. 86,725 on the basis of the market rate or selling price (Rs. 8½ per lb.) for 1911-12.

14. **Cost of quinine production.**—This is made up of two components : (a) the cost of quinine in the bark before extraction, i.e., the cost of the bark ; (b) the cost of extracting the quinine. 161,480 lbs. Munsong bark at 1'84 annas per lb. and 166,007 lbs. Mungpoo bark at 2'49 annas per lb. yielded 11,161 lbs. quinine and the cost of the quinine in the bark was therefore Rs. 3-15-7 per lb. The Java bark consisted of 278,897 lbs. of 1910-11 bark that cost (including proportion of general charges) Rs. 88,909'64 and of 247,254 lbs. 15 oz. of 1911-12 bark that cost (including share of general charges) Rs. 73,428'64. The cost per lb. of the quinine (30,064 lbs.) in the Java bark before extraction was therefore Rs. 5-6-2. In all 853,638 lbs. 15 oz. of bark were used and Rs. 89,026-3-3 (net manufacturing charges *plus* proportion of general charges *plus* 5 per cent. on total cost of factory additions since 1899-1900) were spent in extracting 11,225 lbs. of quinine (including 846½ lbs. in the Cinchona febrifuge manufactured). Cost of extraction per lb. of bark was therefore 1'66 annas. 327,847 lbs. of mixed plantation bark (cost rates per lb. given above) yielded 11,161 lbs. quinine. Therefore cost of extraction per lb. of quinine was $\frac{327,847 \text{ lbs.} \times 1'66 \text{ annas}}{11,161 \text{ lbs. quinine}} = \text{Rs. } 3-0-3$. Total cost of production per lb. of quinine from plantation bark was therefore Rs. 7-0-3. The cost of extraction per lb. of quinine from the Java bark was $\frac{528,152 \text{ lbs. bark} \times 1'66 \text{ annas}}{30,064 \text{ lbs. quinine}} = \text{Rs. } 1-13$. Therefore total cost of production per lb. of quinine from the Java bark was Rs. 7-3-2. The method of calculating on pounds of bark used is somewhat unduly favourable to a rich bark like the Java.

15. **Issue of products.**—On and from the 1st October 1911 the sale of factory products was transferred to the Prisons Department, and has since that date been conducted from the Juvenile Jail, Alipore. Details are given in Appendix F*, the material for which has been supplied from 1st October by courtesy of the Prisons Department. The issues of quinine, 15,838 lbs. 13¾ oz., show a heavy fall of 7,054 lbs. 7 oz. from the quantity issued during 1910-11, apparently due to lessened demands from the Medical Depôts and from the Prisons Department, Bengal, and the Central Prison, Lahore, for quinine for pice packets.

16. **Expenditure and receipts.**—For the last half of 1911-12 the receipts were dealt with by the Prisons Department, but to make this report more coherent the totals are stated here. The total expenditure within the Cinchona Department was Rs. 3,84,594-3-6, being Rs. 26,278-12-6 less than the sum allotted. The receipts were Rs. 1,52,903-7-3, being Rs. 2,31,690-12-3 less than the expenditure. The increase in the quinine reserve and in stock of bark considerably more than covers the difference between expenditure and receipts, as stock account and profit and loss account show. Details are given in Appendices B and D.*

17. **Stock account.**—This is shown in Appendices C(1) and C(2).* The quinine reserve on the 31st March 1912 stood at 73,204 lbs. 11 oz., being an increase of 24,539 lbs. 14½ oz. during the year. The items in stock at the beginning of the year have been re-valued, and the items taken into stock during the year and the items in stock at the end of the year have been valued at the average rates at which they were sold by or purchased by the department during 1911-12. The total value of stock of all sorts on 31st March 1912 was Rs. 8,75,561-12.

17. **Profit and loss account.**—This is shown in Appendix E.* There was a gain of Rs. 43,567-11 on re-valuation of stock in hand at the end of 1910-11. After deducting the non-recurrent charge of Rs. 9,000 for expenditure on factory additions, there remains a profit balance of Rs. 34,640-7-6.

18. **Sale of pice packets.**—The amount of pice packets sold in Bengal during 1911-12 is only a little less than the amount sold during 1910-11, but there has been a very large reduction in the quantity sold to what was Eastern Bengal and Assam and to other provinces from a value of Rs. 25,298-4-6 to Rs. 171-6-6. A statement supplied by the Inspector-General of Prisons, Bengal, is given as Appendix H.*

19. **Miscellaneous.**—Grazing fees and land rent from Mungpoo plantation amounted to Rs. 5,405-10, which were paid into the Darjeeling Treasury, no account being taken in the departmental financial statement. Revenue to Government from this source is likely to decrease in the future as the area of re-afforestation extends.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 19th August 1912.

Summary.—During the week under report the rainfall was general, and the weather seasonable. Condition of standing crops is generally good. Transplantation of winter rice is progressing, but more rain is still wanted in some districts for the operation. Harvesting of autumn rice and jute continues. The average price of common rice shows a slight tendency to fall. Cattle-disease is reported from five districts, but is confined to particular localities.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JULY 1912.

I. *Character of the season.*—During the month under report the rainfall was generally below the normal in the Bardwan, Dacca and Chittagong Divisions, and was above the normal in the other two divisions. The fall was markedly excessive in the districts of Dinajpur, Ranjpur and Cooch Behar, where 13·63, 9·02 and 14·63 inches are reported to be in excess of the normal, while in the districts of Chittagong Division and Jalpaiguri the fall was markedly in defect. The statement showing the rainfall in the several districts of the province is appended.

II. *Progress of agricultural operations.*—Harvesting of the autumn rice and jute was in progress. Transplantation of winter rice continued, but much progress could not be made on high land in many districts for want of sufficient rain.

III. *State of standing crops.*—Winter rice, autumn rice, jute and sugarcane were generally doing well.

IV. *Prospects and probable outturn of harvests.*—Prospects of the *bhadoi* harvest are on the whole fair.

V. *Damage to crops.*—Some damage to jute and autumn rice by insect-pests and excessive rainfall was reported from Nadia, Jessore, Tippera, Dinajpur, Faridpur, Rangpur and the Chittagong Hill Tracts in the middle of the month. Towards the end of the month some damage to crops by the accumulation of water on low land was also reported from places.

VI. *Condition of agricultural stock.*—Condition of agricultural stock was on the whole fair. Cattle-disease was reported to be prevalent in the districts of Nadia, Murshidabad, Jessore, Khulna, Burdwan, Bankura, Howrah, Rajshahi, Dinajpur, Pabna, Makda, Chittagong, Noakhali and Chittagong Hill Tracts. Towards the end of the month, foot-and-mouth-disease was reported to be general in Khulna, and there were outbreaks of rinderpest in the Satkhira subdivision.

VII. *Failure of pasturage and fodder.*—The supply of fodder was sufficient throughout the province except in parts of Tippera.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of common rice rose in eleven districts, fell in five and remained stationary in the rest. It varied from $6\frac{1}{2}$ seers a rupee in Darjeeling and Chittagong Hill Tracts to $11\frac{1}{6}$ seers in Faridpur.

IX. *Condition of agricultural people.*—The condition of agricultural people continued to be good.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 26th August 1912.

Summary.—During the week under review, the rainfall was heavy in parts of the Rajshahi, Dacca and Chittagong Divisions and light to moderate elsewhere. Condition of standing crops was generally good. Transplantation of winter rice is going on, but more rain is still wanted in parts of the Presidency Division for the operation, while in parts of the Rajshahi Division, it is being impeded owing to excessive rain. Harvesting of autumn rice is nearing completion and that of jute is in progress. The average price of common rice shows a slight tendency to rise compared with the previous week. Cattle-disease is reported from five districts, but is confined to particular localities.
